

# TRADE INFO

## INFORMATION FOR OUR TRADING PARTNERS

We have adopted various operational standards to meet our clients' needs. For your convenience we summarise these here. If you have any other requirements, we are only a phone call away to design customised solutions for you.

### PRICING OPTIONS

We are happy to quote prices on either C&F or FOB terms. Our experienced sales administration team will explain in detail our weekly schedule and timetable for deliveries or will guide your own transportation company straight to our premises if you opt for ex-works delivery.

### DELIVERY OPTIONS

Depending on your needs, we can deliver to a central or multiple locations, especially if they have a distinct CMR.

### ORDER SIZE OPTIONS

We can tailor make your Order to any size that fits your needs. We have often assisted our clients with delivering just one pallet (approx. 525 kg)!

### PACKAGING SIZE OPTIONS

Fish are packaged in Polystyrene (EPS) boxes in either "straight" or "curved" form. The EPS boxes currently hold 5kg, 6kg or 10kg of fish. We can always find different solutions according to your packaging requirements.

### DELIVERY TIMING OPTIONS

Orders are delivered 2 or 3 times a week to most countries in Europe. We will be happy to provide you with the standard days that serve your country and work around this if you have different requirements.

DO YOU HAVE ANY OTHER QUESTIONS?  
SEND US AN EMAIL TO [INFO@PHILOSOFISH.GR](mailto:INFO@PHILOSOFISH.GR) TO EXPRESS YOUR QUERRY.
